

NOME AZIENDA

Cameron Italy S.r.l.

COMPANY PROFILE

Cameron is a leading worldwide provider of flow equipment products, systems and services to oil, gas and process industries. Cameron works with drilling contractors, oil and gas producers, pipeline operators, refiners and other process owners to control, direct, adjust, process, measure and compress pressures and flows. Headquartered in Houston, Texas, Cameron has over 27,000 employees and over 300 locations across the globe. To learn more about Cameron, please visit www.c-a-m.com.

Cameron is present in Italy with four facilities, two of them located in Voghera (Valves & Measurement), one in Colico (Valves & Measurement) and one in Milano (Process and Compression Systems).

AREE AZIENDALI DI INSERIMENTO E PROFILI DI MAGGIORE INTERESSE

Aree Aziendali: we offer fresh graduates the opportunity to work within our Project Management, Planning, Sales and Application Engineering departments or to be selected for a challenging Global Rotational Development Program.

Profili di laurea di maggiore interesse: we are looking for motivated and creative individuals, result and team oriented, willing to work in an international environment with a degree preferably in Mechanical, Aerospace, Energy, Materials, Management Engineering and fluency in English language.

PROCESSO DI SELEZIONE

The standard recruiting process includes both a group and an individual interview, during which skills such as team working, problem solving, English, communication skills, technical competences, commitment, engagement and future professional objectives are assessed.
